Elder Gorarett came from Virginia to this State. on Wednesday next. We hope a very great number of women old and young will be present at the meeting, not because they can't vote, but they have an influence, a very great influence, over those have an influence, a very great influence, over those beautiful farm, seven miles north-west of Millers have a very great influence, over those here from the last women very large stock of the unstern cities a ve

Sons of Malta.

The Sons of Malta paraded the streets on Monday night at 12 o'clock. They, most of them, were dressed in long gawns, some white and others black. They were a ghostly looking set-"white spirits and black." Some sixty or seventy were in the procession. The streets were filled with people to witness the parade. A heavy rain came up before the marching was over with and the way it made the Sons scamper for their lodge room was funny.

Mearly every Republican stumper, big and little, that comes along pitches into the Farmer. They cry because it hurts them. They dare not combat it with documents and arguments, hence they seek to parry our blows with low billing sgate and vulge, slang-they use the weapons of skunks, they have have no others to use-they have not harmed us neither are they likely to do so-we have no fears of the little animals-stink away you nasty brutes.

A Fine Meeting.

The Hardy Township Democratic Club had a fine meeting on Thursday evening last. The streets were too muddy for the Little Giants to have a pleasant parade but some marching had to be done. The procession was joined by some fifty horsemen from the West side of the creek, each pearance. Some two hundred and fifty persons were in the procession. L. R. Carrentello, Esq., made an excellent speech which was attentively listened to and loudly applauded. The Club adjourned to meet on the night of the 3rd of October

Young Robbins.

A large skin full of yankee intestines, owned by Mrs. Goodhue, of Summit county, made a Republican speech here on Saturday night and in it likened the people of Holmes county to a set of young robbins who were green enough to swallow anything that was thrown to them. Now, we would just say to these Yankee Reserve school-master that Holmes county has fewer persons who cannot read and write, fewer paupers, fewer criminals

There were probably fifty persons here from outside of town Myzns, Ornand Goodhuz were the speakers. They raised a right pretty poplar pole, about 135 feet long. At night some thirty or forty nice young men with pretty little black capes, oil rice young men with pretty little black capes, oil rich them, as young men with pretty little black capes, oil rich them, as by their their west and couls of the sain, the operation of the Life Medicines is truly assumbling, the operation of the sain, the operation of the life Medicines is truly assumbling, the operation of the sain, the operation of the sain, the operation of the life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the operation of the Life Medicines is truly assumbling, the sain of the sain, the sain of the sain place. When all were together they numbered ## JUSTTHE THING!"-A promabout one hundred. They marched all over town, spreading fire and smoke wherever they went, to the great amusement of children, and instruction of men. Their parade, we suppose, satisfied nine ty-nine million, nine hundred and ninety-nine thou sand, nine hundred and ninety-nine steady, industrious and intelligent old farmers that popular to be had gratis from B. L. Fahnestock & Co. No so the state of the control of the con sovereignty is wrong, and that legislative drunks RAIFF and H. YERGIN, and merchants gene are right; that it is their duty to tamely submit to ally. whatever increase of taxation the Republicans may name provide it secures to the blacks social and political equality with white men and women.

Not Fair.

Two years ago Helmick spent twenty-one hunis now trying to get himself into Congress, and he is now trying to get himself back in the same way. It is well understood that it is his money that pays for the poles, flags, music, electioneering and Wide-Awake tomfoolery of the campaign in this county, We mention this to show that the campaign is his, that the tremendous cuthusiasm is his, that the dred dollars to get himself into Congress, and he poles are his, that the flags are his and that the Wide-Awakes are his, and that while his managers here are applying these things to the benefit of Lincoln they are wholly neglecting the Represent, ative of MY District. Gentlemen, it is not fair; you should use these things for the benefit of your employer or abandon the contract. Go to work for Helmick; convince the farmers, mechanics and other tax-payers that Edwards Plunder bill was intended to promote "the surread of human freedom".

In our last paper we inadvertently omitted the names of three of the Vice Presidents of the Democratic meeting. Viz: George Neadly, of Killbuck; Vorwork. All average ments for the meeting were gotten up with that liberality and hospitality for which the good people of Winesberg are so noted. The town was at Winesberg and at New Philadelphia. Our
